Project of platform creation
« **AFRISCIENCES** »

(Africa scientific culture open to the world and the world scientific culture open to Africa)

Wilfrid TCHEKPO

Forum de Genève, 11 au 15 décembre 2017

Summary

- 1 - Project background
- 2 - What are the main objectives ?
- 3 - Target group and actors ?
- 4 - Strategic axes
- 5 - Activities
- 6 - How to contact us

1- Project background and justification

1.1- Lack of scientific media organisation for scientific culture, technology and science public policy promotion

Initiative	Scientifika	Forum de la Recherche Scientifique et des Innovations technologiques (FRSIT) Research forum / scientific and technological innovation	Quinzaine Scientifique Fortnight scientific	Semaine nationale de la science National week of science	caravanes des sciences organisées Sciences carnava	Ateliers scientifiques pour enfants des villages Scientific workshops for village children
Country	Senegal	Burkina Faso	Madagascar	Marocco	Central Africa	Marocco

1.2- The portion related to scientific information in traditional and new media is very small

1.3- Reduce the gap between science and people, industrial world and decision-making actors → enhance relationship between science, technology and society

1.4- To raise public awarness about today's world issues: Environment / Social /Economic

2- Objectives

General purpose: Make more accessible scientific information, knowledge, and technology. This generalization objective is from Africa to the world and from world to Africa. More specially, it concerns:

- 2.1-** To make scientific knowledge more accessible to the greatest number of people through web media (e-knowledge) and mass-media (people's science)
- 2.2-** To promote the spreading of scientific culture and applicative research for innovation and development

Forum de Genève, 11 au 15 décembre 2017

2- Objectives

2.3- To promote and enhance research results valuation as part of people quality life improvement.

2.4- To promote systematic sensitivity to scientific knowledge at local, national and international level for public policy orientations.

2.5- To create a framework for training and sharing experiences and skills in digital scientific communication domain.

Forum de Genève, 11 au 15 décembre 2017

3- Target group

All people involved in scientific topics, research and knowledge including:

3.1- Citizens : Young people, students, learners

3.2- Business owners,

3.3- Civil society

3.4- Socio-political decision-makers

Forum de Genève, 11 au 15 décembre 2017

4- Strategic axes

- 4.1- Broadcasting via new media: Web TV with 6 audio-visual programs (slide 6)
- 4.2- Communication and sharing via mass media: (Science festival in Africa, France, Canada)
- 4.3- Promoting digital tools (MOOC, webmedia, social-media etc.) in the process of generalization of scientific culture
- 4.4- To support and promote scientific research from idea to real application
- 4.5- To promote participatory science by associating non scientists to science projects (observation, data collection, data aggregation, data processing...)

Forum de Genève, 11 au 15 décembre 2017

5- Activities

ACCUEIL THEMATIQUES WEB TV EVENEMENTS ANNUAIRE OPPORTUNITES FORUM

BOUTIQUE SCIENCES

The screenshot displays the Afrisciences website interface. At the top, there is a navigation menu with links for ACCUEIL, THEMATIQUES, WEB TV, EVENEMENTS, ANNUAIRE, OPPORTUNITES, and FORUM. Below the menu is a search icon and a decorative banner with the Afrisciences logo and a grid of small images. The main content area is divided into three sections:

- AFRISCIENCES WEBTV**: Premier WebTV Scientifique de l'Afrique. A video player is shown with the title "19 novembre 2017 L'AGROECOLOGIE EXPLIQUÉE AUX ENFANTS" and a play button. Below the video, it says "RENTERS CAN WATCH!!!".
- AFRISCIENCES FESTIVALS**: Projection – Atelier – Expos – Echange.
- Faire un don**: - €0. Below this are social media icons for YouTube, LinkedIn, Twitter, and Facebook.

At the bottom right, there is a section titled "ÉVÉNEMENTS AFRISCIENCES" with a minus sign to collapse it. It lists three events: "Festival Afrisciences Bénin", "Festival Afrisciences France", and "Autres Festival Afrisciences".

5- Activities

- Scientific Meet&Travel: Travel and discovery supported by science and research
- Telethon to support research
- Scientist workshop about using digital web-media to increase visibility

6- Partnership Search

6.1- Meeting and networking: Discussing with actors in scientific education for SDG

6.2- Partnerships axes:

6.2.1- Audio-visual and written contents sharing on the afrisciences website.

6.2.2- Invitation to participate in AFRISCIENCES FESTIVAL in Africa (**1st edition in Bénin (August, 2018)**)

6.2.3- Receive volunteers in residence and scientific holidays in Africa

6.2.4- Technical and financial support at AFRISCIENCES
